

MANUAL

UTILITY CARTS

PARTS-Build from the bottom shelf up

Handle-2 each	A
Top Shelf-1 each	B
Screws- 4 pcs	C
Aluminum Support Post-8 each	D
Middle Shelf-1 each	E
Bottom Shelf-1 each	F
With 4 TPR Castor Wheels-2 with brake	G

DIRECTIONS-Prior to assembly:

Check under each shelf to identify top,middle and bottom

Begin assembly with bottom shelf.

Ensure higher side ledges of shelves are in same direction on cart.

USE RUBBER HAMMER ONLY. DO NOT USE METAL HAMMER.

1.Place one shelf support on each corner locator of bottom shelf.

NOTE:Match grooves in shelf support to grooves in shelf corner locators.

2.Use Rubber Hammer to tap each corner down until there are no gaps between supports and shelf corner locators.Then add middle shelf.

3.Place a shelf support onto each corner locator and tap down.

4.Attach handles to top shelf before placing onto cart.

5.Add casters and tap securely into place.
